

HOW TO MAKE : **1.** FILL A JUG WITH 400ML OF TEPID WATER **2.** LOOSEN THE POWDER IN THE SACHET AND EMPTY IT CAREFULLY INTO THE JUG **3.** GENTLY MIX, ENSURING YOU DON'T CREATE FOAM, THEN POUR INTO THE BOTTLE **4.** ADD THE PUMP AND GIVE IT A GOOD SHAKE **5.** LEAVE IT OVERNIGHT FOR ALL THE INGREDIENTS TO MAKE FRIENDS! **6.** IN THE MORNING GIVE IT ANOTHER GOOD SHAKE AND YOU'RE READY TO GO.

Your product will be white with small, all natural 'moisture beads' still visible when made up. All our products are suitable for the whole family, even those with sensitive skin.

When your product is finished, simply give the bottle a clean and start again!

PRECAUTIONS : Keep the sachet for the duration of using the product. Keep out the reach of children. Store in a cool, dry place. Handle with clean hands and with care during the mixing process. If you get the product in your eyes, then rinse thoroughly.

PRODUCT TO BE USED HYDRATED : 40g of powder and 400ml of tap water will make 500ml of product. Do not use the powder alone and always rinse off.

INGREDIENTS SPICE IT UP: Aqua, Sodium coco sulfate, Sodium olivate, Sodium cocoate, Xanthan gum, Citric acid, Parfum, Kaolin, Glycerin, Sodium chloride, Tetrasodium glutamate diacetate, Gluconolactone, Sodium benzoate, Calcium gluconate.

Once hydrated use within 12 months

Before composting the sachet, peel off label and recycle it

Made in France.
